IN THE MATTER OF SCHEDULED IMPROVEMENT REPORT (WITH ESTIMATED COSTS) TO DARKE COUNTY ROADS AND BRIDGES FOR 2015

Mr. Stegall moved to accept report as received only; seconded by Mrs. Delaplane and all voted YEA.

SCHEDULED IMPROVEMENTS (WITH ESTIMATED COSTS) TO DARKE COUNTY ROADS AND BRIDGES FOR 2015

By: Jim Surber P.E., P.S., Darke County Engineer

An estimated $2,757,949 worth of improvements to Darke County roads and bridges is scheduled for 2015 that will be 90% percent locally funded. This is $329,943 less than in 2014. Local funds come only from gas tax and license fees returned monthly to the County by the State of Ohio for County Highway operations. No real estate taxes, sales taxes, or money from the County General Fund provide funds for any of this work.

****

With decreased revenues received from the State over the last eight years, and no local revenue, we continue to spend cash reserves intended for emergencies. The integrity of the roads and bridges must be our highest priority. This year we will use chip-seal on 17.59 miles to further stretch available funds for road surface preservation. The County Engineer and Highway Department responsibilities include 521 miles of County road and 531 bridges on County and Township roads, maintained by 30 employees. This is an average of over 17 miles of road and 17 bridges per employee.

COUNTY ROAD SURFACING: Ten sections of County roads (23.35 miles) are scheduled for new asphalt surfaces from May - July at an estimated contracted local cost of **$ 1,453,000.**

Road	From	To	Length	Last paved

		Total	**17.59 miles**	

Total estimated cost for 40.94 miles: $1,808,000

PAVEMENT MARKING: About **356 miles** of road will have new centerline and no-passing markings applied, and about **82 lane-miles (41 road miles)** will have white edge-line markings applied at a total estimated cost of **$161,188. ($32,500 locally funded).** $129,688 will be funded by a federal grant that has been in process for 6 years.

CULVERT REPLACEMENT: An estimated 6-10 roadway culverts, and 3-6 subsurface tile crossings will be replaced this year on the roads planned for resurfacing in 2015. All work will be done by County personnel and equipment, with total estimated costs including labor and equipment of **$32,000.**

CRACK SEALING: An estimated 25 miles of County Road will have pavement cracks sealed with hot-applied crack sealant material by County personnel. The total estimated cost for this work is **$179,500** using an estimated **$100,100** of materials, and will be performed throughout the year.

SIGNS: A federal grant was secured late last year to furnish **$7,200** for new signs and posts to upgrade warning signs on six state-identified curves on Darke County roads. This work is now completed with all hardware, labor and equipment furnished by the County and the cost was **$11,500.**

TOWNSHIP ROAD RECONSTRUCTION: A major widening and reconstruction project of 1.38 miles has begun on Horatio-Harris Creek Road, a Greenville Township Road, between State Route 49 and State Route 118. The work includes major pavement and shoulder widening, culvert replacements and overall road enhancement as well as the complete replacement of the present bridge which is the responsibility of the County Engineer. The $525,863 construction will be performed by Tumbusch Construction under the authority of the Greenville Township Trustees, designed and supervised by the County Engineer, and is 74% funded by the Ohio Public Works Commission. The completion date is July 15, of this year.

Total Estimated County Road Improvement Costs: **$ 2,192,188**
Total estimated local cost: **$2,055,300 (94%)**

BRIDGE CONSTRUCTION AND REHABILITATION

One bridge on Horatio-Harris Creek Road will be totally replaced by contract, and County personnel will totally replace two other bridges and rehabilitate eight bridges by force account during 2015. Three of the bridges are on County Roads and eight are on Township Roads.
