Help Me Grow (HMG) is a program for Ohio's expectant parents, newborns, infants and toddlers that provides health and developmental services so children start school healthy and ready to learn. HMG can assist you if you have concerns about a child's development. If you have concerns about an infant or toddler's language, feeding, walking, handling of toys, seeing, hearing or playing alone or with others, call the Health Dept. to have your child screened. (ages 0-3)
