Believe In Ohio Judge Registration

STEM Commercialization and Business Plan Judges Needed

The Ohio Academy of Science seeks volunteer judges for Regional online only (March 12-25) and State in-person (April 25th in Central Ohio) judging of STEM Commercialization and STEM Business Plans from high school students. Regional Competitions qualify students for the State Competition for up to \$2 million in awards and scholarships. Most regional judges will have only 5-7 twelve-page project reports to review at their own pace.

Believe in Ohio is a free new program from the Ohio Academy of Science that prepares high school students for the future. The Academy and Entrepreneurial Engagement Ohio developed the program collaboratively with support from the Ohio Board of Regents and the Ohio General Assembly. Believe in Ohio helps students develop critical thinking skills, and offers them a competition for nearly \$2 million in cash awards and college scholarships for STEM commercialization and business plans.

Title ___ First Name _____ Initial ___ Last Name _____ Suffix ___

Employer _____ Job Title _____

Employer Address or PO Box _____

City _____ State ___ Zip _____ County _____

Home Address or PO Box (if preferred over work address) _____
